SURNAME INDEX TO THE VITAL RECORDS IN  
THE ALBUQUERQUE MORNING JOURNAL  
1904

The format for this index was developed to cover the major vital records that normally appear in the newspaper – births, deaths, marriages, divorces and anniversaries. This is an index to the principals in the article and covers only those persons of either New Mexico origin or who participated in one of these events in New Mexico. In other words, an event occurring in Texas or New York would be indexed only for those persons of New Mexico origin or residence. A marriage of a Texan and a Kansan, married in New Mexico and reported in the newspaper, WOULD be indexed here. The Albuquerque newspaper contains a great deal of information about events all over the state of New Mexico, since it was the largest newspaper in the state. It often had sections pertaining to news of persons in different cities of the state. Be alert when searching as often a subject appeared in more than one article on a page, and this is indicated by (x2) for twice.

The researcher is advised that often during the year the newspaper usually had only one section, but many times they published two, three, and rarely four sections. They did not call them different sections, but just started numbering with "Page 1" on each section. We attempted to distinguish this by giving the different sections number designations (i.e., Sec 2, p.2) and caution the researcher to search for more sections of an issue when these numbers appear.

The reader is also advised to check prior and following year indices when an event occurs near the beginning or end of the year. Items concerning a particular individual will often appear in both years.

The microfilm of the Albuquerque Journal is housed in the Main Public Library in Albuquerque, New Mexico. Photocopies of news items may also be obtained from the Albuquerque Genealogy Society. See the special publications section below. **NOTE: Several issues during the year are missing from the microfilmed copy at Special Collections Branch Library, but are found in the microfilms on file at the Main Library.**

In the fall of 1903 the newspaper acquired the ability to print photographs and a great many photographs started appearing in the newspaper from around the world. In the 1904 editions, literally hundreds of photographs of famous people, leaders of the world, the Japanese-Russian War, and many advertising photos appeared. A few political cartoons came into being, but not many.
